

SHUTTERMAX® *100D Acoustic*

MAXimum Security, Acoustic Insulation and Simple Operation

The European designed **SHUTTERMAX® 100D Acoustic** is perfect for applications where sound deadening, security and equipment integration is needed. The sound reduction properties of the profiles provide an acoustic barrier improving environmental comfort levels. Coupled with our smart controller the **SHUTTERMAX® 100D Acoustic** provides seamless integration to a broad range of third party equipment.
